 <p>APPLIED ENGINEERING</p> <p>RFI/EMI Shielded Enclosures, Shielded and Non-Shielded Anechoic Chambers, Turn-key Installations, Relocations and Modifications.</p>	 <p>MERCURY SYSTEMS</p> <p>High power switches, Attenuators, Equalizers, Noise Source, Phase Shifters, Mixer Products, Amplifiers 1MHz-30 GHz, low noise (narrow & broadband) Limiting amps, Broadband multi-octave and Ultra Broadband amps, Power Amplifiers</p>
 <p>COBHAM ANTENNAS SYSTEMS</p> <p>Antennas from 500 MHz to 40GHz, Wireless Local Loop, Flat Panel, Low Profile, Sector Antennas, Omni's</p>	 <p>DUCOMMUN</p> <p>Directional Microwave and Millimeter Products: ferrites, control devices, frequency converters, antennas. Oscillators, Electromechanical Switches</p>
 <p>IMPELLIMAX</p> <p>Design and manufacturers of special assemblies using many microelectronic technologies</p>	 <p>KRYTAR</p> <p>Directional Couplers, Hybrids, Russell Power Dividers, Detectors, Terminations, 2.0-50Ghz</p>
 <p>kSARIA</p> <p>Mission Critical Interconnect Solutions. Fiber optic, electrical cable assemblies & harnesses</p>	 <p>MBT</p> <p>RF components 100Hz components to/ including millimeter wave Silicon RF/Microwave semiconductor diodes -Diodes: abrupt tuning varactors, step recovery low & high power PIN, limiter, point contact mixer/detector, Schottky, custom & discontinued. Silicon MIS, MIC, Binary chip capacitors, Silicon Resistors, AlN thin film attenuator pads, Spiral Inductors. HI-REL testing. Approvals: ISO 9001:2008, MIL-STD-750, MIL-PRF-1950</p>
 <p>RODELCO ELECTRONICS</p> <p>DC to 50 GHz Amplifiers, Control Components (Pin Diode switches & Attenuators) Sources, Converters, Receivers & Integrated Micro Assemblies</p>	 <p>Q MICROWAVE</p> <p>RF Microwave Filters, Multiplexers, Switch filter banks</p>
